

Gulf Coast Scoring Rules/Guidelines

INSTRUCTIONS FOR PLAYERS.

1. One person in the foursome will do mobile scoring. Should be the one most familiar with Golf Genius. This person will record actual gross score for all 4 players. If a player does not complete the hole, net double bogey is recorded (double bogey plus handicap stroke). **No X's allowed in Golf genius.**
2. If you are competing for LOW GROSS Prize, you must PUTT out EVERY hole – NO MAX Score can be taken.
3. Each player in the foursome will receive a single scorecard. Cart partners will exchange cards. Player records gross score for partner and her gross score in marker section of the card. Stableford points are recorded on the card based on the NET score for a hole. If you are taking MAX on a hole (picking up), place an X on the scorecard.
4. Gross scores on individual players' scorecard **MUST** be compared to Mobile scoring in Golf Genius. A hole by hole comparison must be made. Gross scores must agree. Any differences must be reconciled and adjustments made BEFORE submitting results in Golf Genius and giving scorecard to rep. Strongly suggest GROSS SCORES are compared after 9 holes. It is easiest to do this comparison by going to the Leaderboard in Golf Genius and selecting the Foursome Tournament. This way you will just see all scores for your Foursome.
5. Any disagreement on stableford points can be easily reconciled after correct GROSS scores are submitted. If all is correct in GG, the stableford points will be calculated correctly. Let the system do the math. Do not hold up scoring! Let your rep know and she will reconcile.
6. MOST IMPORTANT AND BEARS REPEATING...IF GROSS SCORES ARE RECONCILED, YOUR STABLEFORD POINTS IN GOLF GENIUS WILL BE CORRECT. Do not waste time reconciling stableford points... lunch is waiting!
7. The Scorecard is still the official record and will be turned into your club rep. Signatures are required on the scorecards.

INSTRUCTIONS FOR REPS

1. Reps compare gross scores on scorecard to Golf Genius for each player. If not correct, go back to player and have her reconcile differences. The easiest way for reps to compare to Golf Genius is to go to Leaderboard and bring up the Team Stableford Tournament – you will see all your team members Gross Scores and Stableford Points.
2. When the post round audit is performed, any differences will result in the higher score on that hole being used whether on scorecard or GG (lower points); no going back for correction/conversation. The loss (reduction) of points on that hole is the penalty.
